BRAND IDENTITY #2 — COMPLETE PRODUCTION SYSTEM

Freedom to keep what you love.

Media Without Limits

01 / Identity

Loady is a modern media utility brand. The experience is fast, simple and premium. Brand Identity #2 uses the layered two-shape gradient mark, Sora typography and a cinematic dark/glass visual language.

02 / Color

Token	HEX	Role
Midnight	#0B0F1A	Core background
Electric Blue	#3B82F6	Core gradient
Violet	#8B5CF6	Core gradient
Aqua	#22D3EE	Highlight
Ice	#F4F7FF	Primary light text
Slate	#94A3B8	Secondary text

03 / Typography

Use Sora 700–800 for major headlines, 600 for controls/navigation and 400–500 for body copy. Fallback to Inter/system UI.

04 / Logo usage

Use the supplied SVG masters. Keep at least 25% mark-width clear space. Minimum digital mark size: 24px. Do not alter geometry, gradient, opacity relationship, proportions or orientation.

05 / Digital UI

Dark navy/black base; restrained blue-purple-aqua glow; glass panels; 16–24px radii; crisp borders; generous negative space. Primary CTA uses the core gradient. Focus states must remain highly visible.

06 / Messaging

Website hero: Freedom to keep what you love.

Brand phrase: Media Without Limits.

Tone: short, confident, useful, non-technical.

07 / Production integrity

Do not use fabricated social proof or unsupported claims. Supported platforms, privacy behavior, speed claims, download counts, user counts and ratings must reflect real production data.

08 / Asset inventory

The ZIP contains master SVG logos, transparent PNG icons at standard web/app sizes, favicon ICO, dark app icon, CSS design tokens, favicon HTML, README and these PDF guidelines.
